### WORK EXPERIENCE

**Senior Product Designer** · Kilo Health Aug 2023 – Present

- Closely collaborating with a remote product team with PM, PO and engineers to solve user problems and hit business goals
- Ideating on solutions during workshops with the cross-functional team to align from the get go
- Constantly monitoring usage analytics, A/B test results and user feedback to validate our solutions and improve conversion rates
- Expanding and improving our design system to ensure cohesion and support development

**Senior Product Designer** · Shapr3D Oct 2021 – Mar 2023

- Worked in data-driven autonomous cross-functional teams in collaboration with other teams to align solutions and releases
- Successfully launched Shapr3D Sync during closed and open beta rounds, and improved usage metrics over time
- Discovered possible collaboration avenues by synthesizing previous research findings to inform major business decisions
- Laid the foundations for future team collaboration by working closely with UX research to map out current processes in the industry

**Product Designer** · UXfol.io at UX Studio Apr 2018 – Nov 2019

- Owned all product initiatives from planning to delivery
- Carried out user research (usability, interviews) and collected further insights and user stories directly influencing our product roadmap
- Maintained and grew our design system and worked closely with the development team to support efficient delivery

**UX Designer** · UX Studio Oct 2014 – May 2021

- Worked for companies of various sizes in different industries, including entertainment, finance, healthcare and multiple SaaS products.
- Designed and delivered comprehensive UX flows, refined UIs and UI animations and built up many design systems
- I led up to 8-member mixed teams of designers and researchers on multiple projects
- Delivered UX trainings for companies to help kickstart UX processes in their teams and also held a variety of in-house courses
